

## Meet Grace

Grace is from Rochelle Park NJ. A Hodgkin Lymphoma Survivor.

In April 2013, Grace was rushed to the hospital where she had a CT scan which showed she had two masses in her chest. The biopsy results confirmed that Grace had Hodgkin lymphoma. In July 2013, after five rounds of chemotherapy Grace went into remission. Grace has returned back to school and is getting back into the swing of things. Grace is a girly girl, she is interested in fashion, boas and tiaras; in fact, she is a little fashionista.

## We appreciate your support!

## Thank you!

## The Girls' Show Team

Mrs. Kathleen Dellanno, Director

Mrs. Linda Kurtishi

Ms. Jamie Peters

Mrs. Ennely Thornton

## Pennies for Patients

## Girls' Show team supports Leukemia & Lymphoma Society

With your help we raised:

2015-2016 **\$1826**

2016-2017 **\$4026**

## Research

LLS invested \$40.3 million in research in fiscal year 2017 to advance life-saving research.

## Patient Access

LLS is the leading source of free, highly specialized blood cancer information, education and support for patients, survivors, families and healthcare professionals. We touch patients in their communities through our chapters across the U.S. and Canada. We advocate for blood cancer survivors and their families, helping patients navigate their cancer treatments and ensuring they have access to quality, affordable and coordinated care.

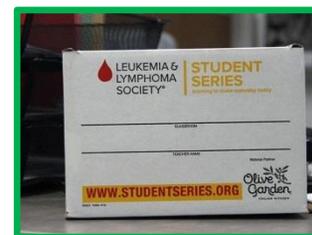

## Policy and Advocacy

LLS recognizes that finding cures is not enough; we need to ensure that patients have access to the treatments, services and providers they need to live longer, better, healthier lives. LLS is dedicated to removing barriers to care. By providing our network of advocates a powerful voice, the Policy and Advocacy Team drives policies that accelerate the development and approval of innovative treatments and ensure that patients have sustainable access to quality, affordable coordinated care. Our team is committed to ensuring that patients have access to adequate network of providers and services and are protected from high out-of-pocket costs that limit access to life-saving treatments

## How can you help?

- Can Shakes
- Online Contributions
- Donations during Dress Rehearsal & Girls' Show Night
- Take a donation box with you to work. Donation boxes will be collected and deposited weekly.

*Please contact Mrs. Kurtishi or Mrs. Thornton if you would like to contribute and/or take part in the LLS Student Series.*
