

DUAL ENROLLMENT OPPORTUNITIES

BERGEN COMMUNITY COLLEGE (BCC)

Passaic Valley has an agreement to award students in the Broadcasting sequence college credit for their work completed at PV. Students will be able to earn up to 6 college credits when enrolled in the following courses. As with other dual enrollment programs, there is a grade requirement of a “C” (70) or better and a fee of \$451.50 per course, payable to BCC.

Television Production

Advanced Television Production

BERKELEY COLLEGE

Passaic Valley will be offering a one semester course for 11th and 12th grade students in the area of Fashion. This 15-week course will be taught through a hybrid learning model, giving the students an opportunity to experience post-secondary life while earning high school and college credit. Students must achieve a “C” or better to receive credit, and there is a fee for participation. This year’s cost was approximately \$200 per course.

FAIRLEIGH DICKINSON UNIVERSITY

Fairleigh Dickinson University’s Middle College Program allows students to earn college credits for classes taken in high school. The following Passaic Valley courses are included in the Middle College Program:

English III Honors

Spanish IV Honors

Anatomy & Physiology Honors

English IV Honors

French IV Honors

International Business Practice Firm

US History II Honors

Italian IV Honors

Participation in this program allows students to use the facilities at Fairleigh Dickinson University and credits are transferable to hundreds of colleges nationwide. Students must achieve a “C” or better to receive credit, and there is a fee for participation. This year’s cost was approximately \$267 per course.

KEAN UNIVERSITY

Kean University allows Passaic Valley students to receive three (3) college credits for the Holocaust, Genocide, and Modern Humanity course offered at PV. These credits are contingent upon successful completion of the course with a “C” or better and are transferable to additional colleges and universities. There is also a fee of \$300 per course collected by Kean University in the fall.

MONTCLAIR STATE UNIVERSITY

Passaic Valley offers a Communication Arts and Media course in conjunction with Montclair State University. This course is offered to eligible senior students who have maintained a B average throughout high school and have shown a strong work ethic. Students enrolled in this introductory college course can earn three (3) college credits for successful completion. As with other dual enrollment programs, there is a minimum grade requirement of a “C” or better and fee of \$480 per course payable to MSU.

PASSAIC COUNTY COMMUNITY COLLEGE (PCCC)

We are offering four (4) one semester courses in a Criminal Justice pathway in association with PCCC. Students will be able to earn up to 12 college credits when enrolled in the following courses. As with other dual enrollment programs, there is a grade requirement of a “C” (70) or better and a fee of \$180 per course, payable to PCCC. Students must be in 11th or 12th grade to be eligible for this dual enrollment credit.

Introduction to Law
Introduction to Criminal Justice

Juvenile Delinquency
Investigative Functions

Passaic Valley will also be offering college credit through PCCC for Principles of Engineering Design and Computer Aided Design I within our Mechanical Drafting/Engineering sequence. Students must be in 11th or 12th grade to be eligible for this dual enrollment credit.

COST COMPARISON FOR DUAL ENROLLMENT

PARTICIPANT	COST IN HIGH SCHOOL	COST AFTER HIGH SCHOOL
Bergen Community College	\$451.50 for 3 college credits	\$1,046.50
Fairleigh Dickinson University	\$267 for 3 college credits	\$2,991 plus applicable fees
Kean University	\$300 for 3 college credits	\$1,413
Montclair State University	\$480 for 3 college credits	\$1,279
Passaic County Community College	\$180 for 3 college credits	\$378 plus applicable fees

CAREER & TECHNICAL EDUCATION (CTE) SEQUENCES

At Passaic Valley, students may explore careers in **mechanical drafting/engineering** or **broadcasting** through comprehensive, career and technical education (CTE) programs. In a CTE program, students advance their skills through hands-on, collaborative projects in a sequence of courses. Students also have an opportunity to apply those skills in real-world environments through structured learning experiences, such as internships. In PV's CTE programs, students may earn college credit through its dual enrollment programs as well as industry certification. Passaic Valley has established successful partnerships with universities to support its career and technical education programs.
